ANNESLEY JUNIOR SCHOOL INC

CHILD SAFE POLICY

1. Introduction

This Annesley Junior School's Child Safe Policy has been developed in accordance with and implements Principle 1 of the National Principles for Child Safe Organisations (National Principles).

The Annesley Junior School's Child Safe Policy is published on our public website and provided to new Staff, and to Direct Contact Volunteers and Contractors at induction. It is provided to parents/carers on enrolment, and a child-friendly version is provided to all students.

1.1 Purpose

Our Annesley Junior School's Child Safe Policy, which includes our Statement of Commitment to Child Safety and Wellbeing, was written to demonstrate the strong commitment of the school to promoting children and young people's wellbeing and to safeguarding children and young people from harm. It is an overarching policy that provides an outline of the policies and practices that we have developed to keep our students safe, including from harm.

It sets out the key elements of our approach as a child safe organisation and sets the tone for the school's entire Child Safety Program.

The Annesley Junior School's Child Safe Policy provides the framework for:

- implementing the National Principles
- complying with the Department for Education's Protective practices for staff in their interactions with children and young people: Guidelines for staff working or volunteering in education and care settings (Protective Practices), Managing allegations of sexual misconduct in SA education and care settings (Managing Sexual Misconduct), Sexual behaviour in children and young people: Procedure and Guideline (Sexual Behaviour Guidelines), and Responding to online safety incidents in South Australian Schools (Managing Online Safety Incidents) guidelines
- developing work systems, practices, policies, and procedures that promote child protection within the School
- creating a safe and supportive school environment and a positive and robust child safe culture
- promoting and openly discussing child safety issues within the school
- complying with all laws, regulations, and standards relevant to child protection and safety in South Australia.

1.2 Scope

The Annesley Junior School's Child Safe Policy promotes the safety and protection of all students at the school. It applies to all adults in the school community, including Staff, Volunteers, Contractors, External Education Providers, parents/carers, and other family members. It applies in all school environments, both physical and online, and on-site and off-site (e.g., camps and excursions).

1.3 Definitions

Definitions of terms used in the Annesley Junior School's Child Safe Policy can be found in child safety Program Definitions. Of particular importance to this Policy are the following definitions:

- Child/Child and Young Person The term "child" and the phrase "child and young person" refers to a person who is under the age of eighteen.
- Harm "Harm" is defined in section 17 of the Children and Young People (Safety) Act 2017 (SA) (Safety Act), and for the purposes of this Policy, as "physical harm or psychological harm (whether caused by an act or omission)". It includes – but is not limited to – "harm caused by sexual, physical, mental or emotional abuse or neglect." It does not matter how the harm occurs or by whom.
- Child Safety Incident or Concern Annesley Junior School uses the phrase, "child safety incident or concern," which includes, but goes further than, the concept of "harm." Child safety incidents or concerns can take many forms. These include not only harm to a child or young person by their parents/carers, but also conduct by other people that can cause harm to a child or young person.

 - there is a likelihood that the child will be removed from the state for the purposes of an unlawful medical or other procedure (including female genital mutilation), child marriage or an activity or action that would be a criminal offence, if it occurred in the state
 - the child or young person's parents or guardians are unable or unwilling to care for them, have abandoned them, or cannot be found or are dead
 - the child or young person is persistently absent from school with no explanation; or
 - the child or young person is homeless
 - an offence against a child or young person under the Criminal Law Consolidation Act 1935 (SA) (Criminal Law Act), such as:
 - assault
 - causing physical or mental harm
 - failure, by a person who is liable, to provide necessary food, clothing, or accommodation to a child without lawful excuse
 - criminal neglect
 - sexual offences, including unlawful sexual intercourse and persistent sexual abuse of a child
 - grooming offences
 - offences related to child exploitation material and commercial sexual activities
 - offences related to institutional child sexual abuse
 - bringing a child into or removing a child from the state for the purposes of child marriage
 - performing the female genital mutilation of a child or removing the child from the state for the purposes of female genital mutilation

3. Roles and Responsibilities

Child safety and wellbeing is everyone's responsibility. All adults in the school community have a shared responsibility for contributing to the safety, wellbeing, and protection of students. Specific responsibilities are summarised at the end of this Policy.

4. Child Safety Principles and Standards

The National Principles for Child Safe Organisations

The National Principles were developed by the Australian Human Rights Commission in response to recommendations of the Royal Commission into Institutional Responses to Child Sexual Abuse. The National Principles are comprised of 10 Principles that were informed by, but go further than, the 10 Child Safe Standards recommended by the Royal Commission.

They are:

1. Child safety and wellbeing is embedded in organisational leadership, governance, and culture.
2. Children and young people are informed about their rights, participate in decisions affecting them and are taken seriously.
3. Families and communities are informed and involved in promoting child safety and wellbeing.
4. Equity is upheld and diverse needs respected in policy and practice.
5. People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice.
6. Processes to respond to complaints and concerns are child focused.
7. Staff and volunteers are equipped with the knowledge, skills, and awareness to keep children and young people safe through ongoing education and training.
8. Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.
9. Implementation of the national child safe principles is regularly reviewed and improved.

We also have a Student Code of Conduct which includes standards of behaviour for students relevant to child safety.

Together, we refer to these as our Child Safety Codes of Conduct.

Our Child Safety Codes of Conduct include clear processes to report inappropriate behaviour. We publish them on our public website so that everyone can easily find out what behaviours are acceptable and unacceptable at our school and how to report inappropriate behaviour.
